

# WAWF PRESENTATION

## WAWF 4.0 AND ECP 500

**JUAN ARRATIA**

**DASN A&LM**

**E-BUSINESS SECTION**

# MANDATED

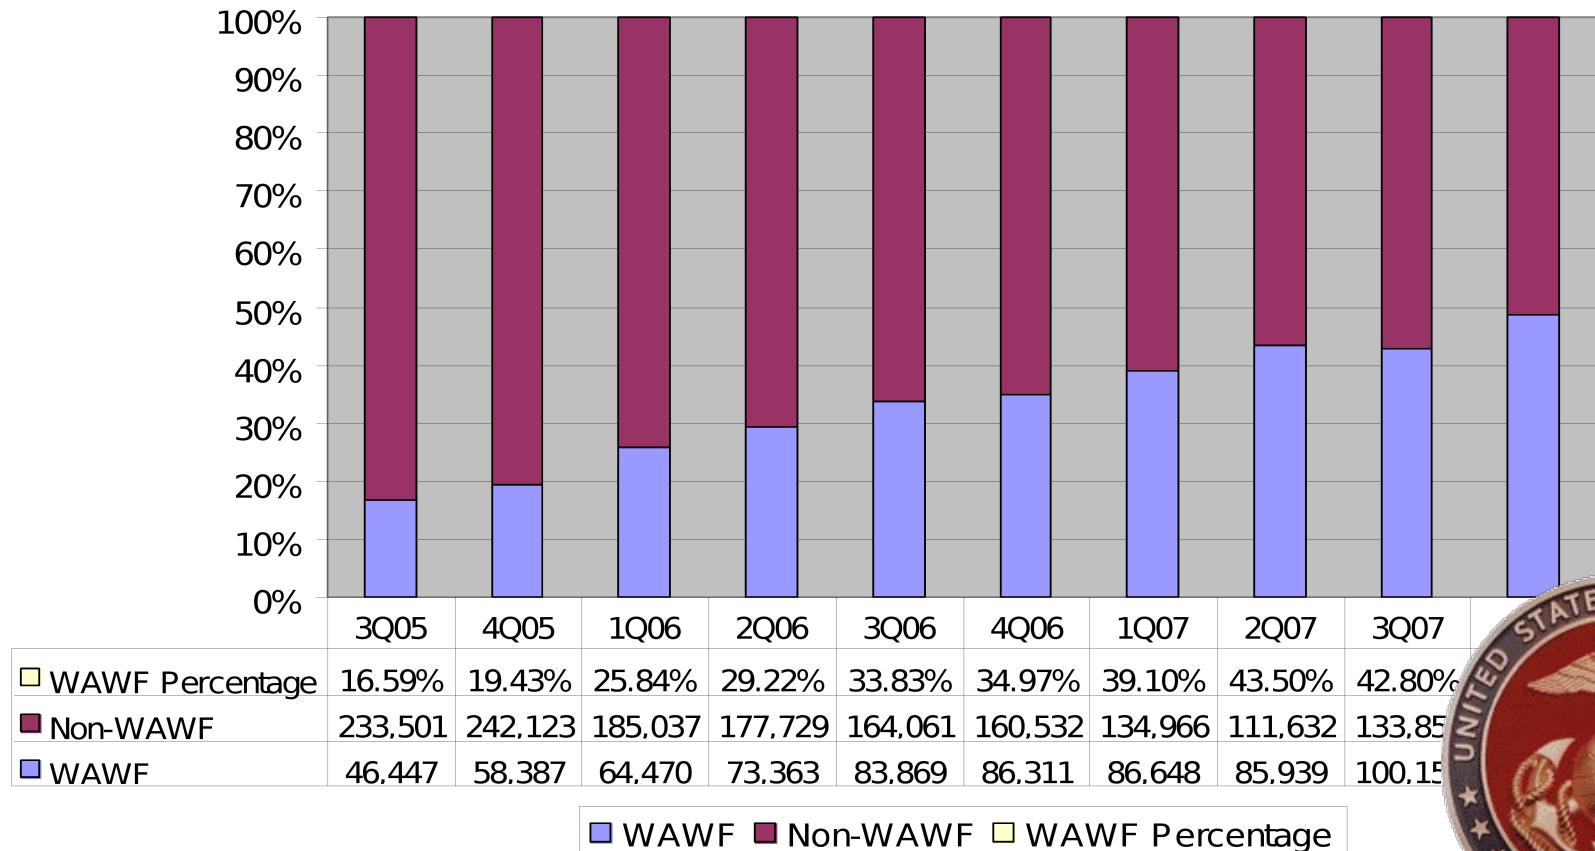

- **ASN Memorandum of 25 January 2006.**
- **ASN & FMO Memorandum of March 2007.**
- **DFARS CLAUSE 252.232-7003  
Electronic Submission of  
Payment Requests.**

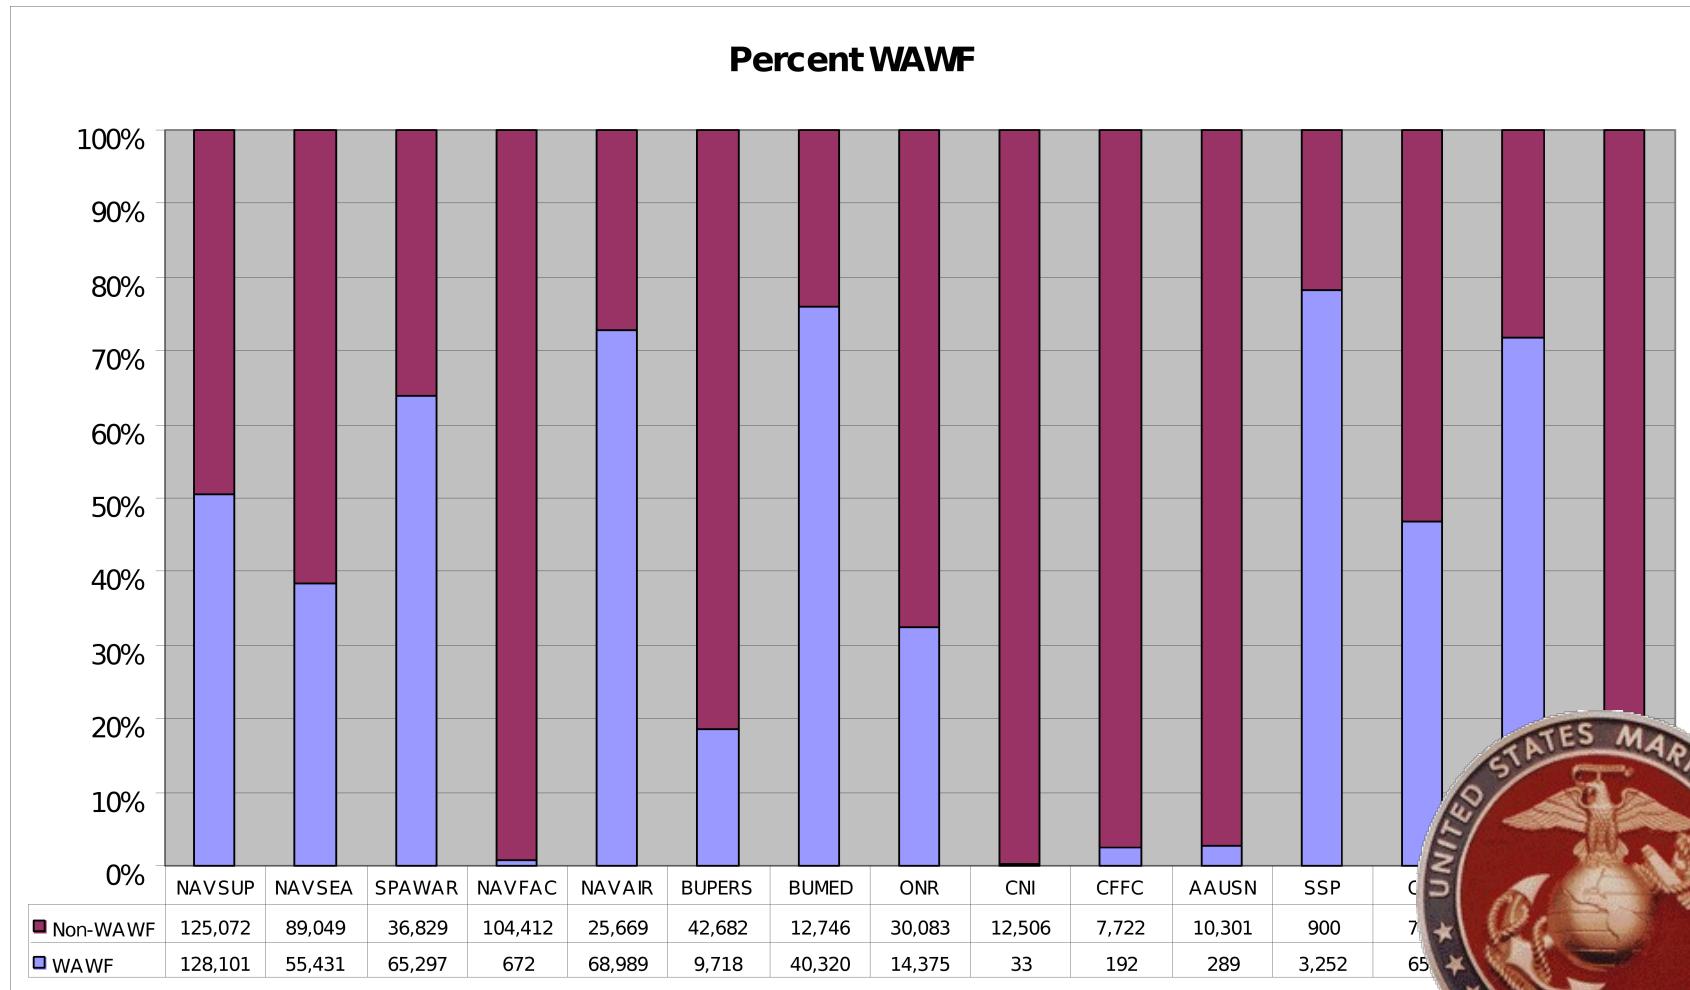

# WHERE IS THE NAVY?

## WAWF Percent Transactions

# OCT - SEP FY07

# NAVFAC NUMBERS

- **NO Workable Construction Invoice Format in WAWF.**
- **NO Ability to process Multiple LOA's per CLIN for Non-Severable items in accordance with DFARS.**

# WHERE DOES THAT LEAVE US?

- **With NAVFAC Construction ECP 500 for WAWF 4.0 scheduled for release in the Summer of 2008.**
- **It is a \$1M Interim solution as agreed to by NAVY, BTA, and BEA.**
- **BEA will chair an Enterprise solution for Construction Invoices and Real Property U starting in the Spring of 2009**

# WHAT IS ECP 500

- **New WAWF Invoice Type to Process Facilities and Construction Invoices.**
- **It is a Joint requirement with Air Force.**
- **The result of seven months of requirements wring-out.**
- **A compromise solution between electronic and manual invoice processing.**

# KEY CAPABILITIES

- Allows Multiple LOA's per CLIN.
  - Must follow DFARS requirements.
- Allows Retentions and Withhold at the ACRN(SLIN) level.
- Allows NAVFAC Form 7300/30 to be attached by Vendor and Government Workflow users.

## Role responsibility for WAWF Invoice Process

The diagram shows a horizontal flow of six roles: Vendor, Inspector, Acceptor, LPO Reviewer, LPO, and DFAS. Each role is represented by a stylized human figure and is connected by a horizontal arrow pointing to the right. The roles are arranged in a sequence from left to right: Vendor, Inspector, Acceptor, LPO Reviewer, LPO, and DFAS.

Vendor	Inspector	Acceptor	LPO Reviewer (ONE PAY only)	LPO (ONE PAY only)	DFAS
Creates Construction Invoice	Recommends Approval, Reduced Quantity, or Rejection	Accepts/Modifies Inspector's recommendation (full or reduced quantity)	Adds detail line of accounting data for TFO on the LLOA tab	Certifies Invoice Adds or Edits LLOA data.	Processes Invoice for payment
Invoice at CLIN Level	The Inspector enters the quantity recommended based on outcome of inspection.	The Acceptor is responsible for completing the ACRN information on the ACRN Worksheet(s).  Acceptor can enter amounts to be deducted including retention which is not based on quantity delivered.		If the LPO disagrees with the Acceptor's recommendation, the LPO will make the invoice available for recall so the Acceptor can recall and adjust.	Applies Edits and controls as specified by the ONE PAY entitlement system
Must attach documents as set forth in contract instructions	May attach documents.	Can Reject to Vendor  May attach documents.		Can Make Available for Recall  Can Reject to Vendor	Can Make Available for Recall  Can Reject to Vendor

## Role responsibility for WAWF Invoice Process

Vendor	Inspector	Acceptor	LPO Reviewer (ONE PAY only)	LPO (ONE PAY only)	DFAS
Creates Construction Invoice  At the Invoice level, vendor signifies the Invoice Number and other required information for the invoice. For each CLIN included on the invoice, the vendor enters CLIN ID, Quantity, Unit, and Unit Price data.	Recommends Approval, Reduced Quantity, or Rejection  The Inspector enters the quantity recommended based on outcome of inspection.	Accepts/Modifies Inspector's recommendation (full or reduced quantity)  The Acceptor is responsible for completing the ACRN information on the ACRN Worksheet(s). Acceptor can enter amounts to be deducted including retention which is not based on quantity delivered.	Adds detail line of accounting data for TFO on the LLOA tab	Certifies Invoice  Adds or Edits LLOA data.  If the LPO disagrees with the Acceptor's recommendation, the LPO will make the invoice available for recall so the Acceptor can recall and adjust.	Processes Invoice for payment  Applies Edits and controls as specified by the ONE PAY entitlement system  Can Make Available for Recall  Can Reject to Vendor
Must attach documents as set forth in contract instructions.	May attach documents.	Can Reject to Vendor  May attach documents.	Must comment for less than total.	Must comment for less than total.	09/02/16

# ECP 500 ROAD AHEAD

- **Final Requirements Documents** have been submitted.
- **Software Requirement Specifications (SRS).**
- **Preliminary Design Review (PDR).**
- **Software Design Document (SDD)**
- **Critical Design Review (CDR)**

# ROAD AHEAD CONT.

- **SYSTEM TESTING**
  - Multiple Rounds, at least three.
  - Verify Functionality.
  - Verify System Interfaces.
- **Joint Requirements Board (JRB) Outbrief.**
- **Production Deployment.**

# TAKE AWAYS

- **WAWF is the future for electronic invoicing.**
- **ECP 500 is the NAVFAC ROAD to WAWF Implementation.**
- **Critical that NAVFAC Participate at every step of the process to ensure success.**

# QUESTIONS ?
